

CATALYST SCIENCE DISCOVERY CENTRE AND MUSEUM

Education Manager

An exciting opportunity to enthuse young people about science!

Catalyst Science Discovery Centre, Widnes, Cheshire (a registered charity) has an extensive educational programme for schools and young people from early years to Key Stage 4 and provides a number of taught workshops and activities to the general public.

We are seeking an Education Manager with enthusiasm and experience in explaining science to manage, deliver and develop our award-winning educational programme. A teaching and/or science/chemistry background would be an advantage.

The successful candidate will be educated to degree level and an excellent communicator with an ability to excite people, young and old, about science and technology and in particular, chemistry. You will have excellent organisational skills, the ability to ensure Catalyst's educational offer links to the National Curriculum and the creativity to work with Catalyst's academic and industry supporters to show the practical applications of science in the real world. Your fresh approach will reinvigorate the offer to schools and the public, enthusing staff with innovative ideas and the enthusiasm to implement them.

The successful candidate will work 37.5 hours a week. Occasional Saturdays would be required (approximately 12 per annum). Benefits include 33 days holiday (including public holidays) and an employer's sick pay scheme.

Salary circa £25k, dependent on qualifications and experience.

To apply send a CV and a covering letter explaining why you would be suitable for this position to Meryl Jameson, Catalyst Science Discovery Centre, Mersey Road, Widnes, Cheshire WA8 0DF or email to info@catalyst.org.uk. If you have any questions or would like to request an informal conversation with the Director please use the same email address. Successful candidates will be invited to interview during week commencing 26th June.
